

# Clinical Trials during COVID-19. An Investigator's Perspective

**i** Source: OCT Clinical All-Russia Investigator Survey, April-May 2020

1. Is your site on a lockdown?

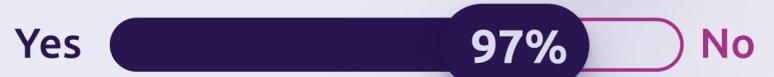

2. Did the communications with a sponsor get worse?

3. Did your site have to transfer a study to another site?

4. Do you participate in regular remote CRA visits?

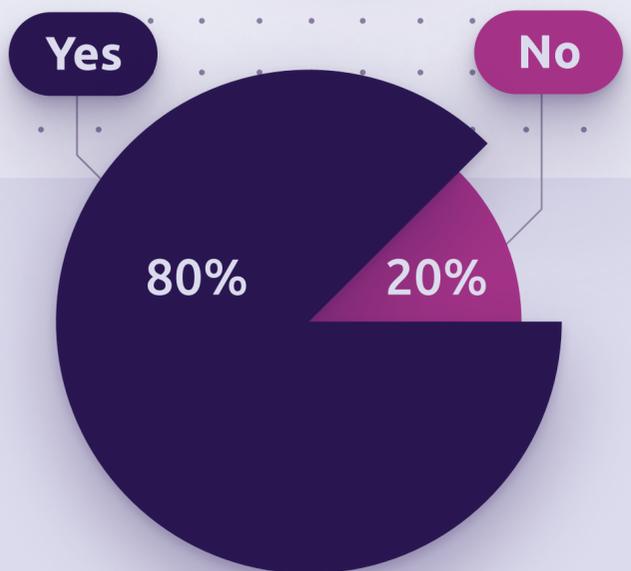

5. Did the communications with a sponsor get worse?

6. Do you get any support from sponsors and CROs? \*

\* Frequent Responses

- Taxi for patients
- Home blood tests
- Arranging COVID-19 tests
- Remote patient visits
- Online trainings and meetings
- Personal protection equipment for patients and site personnel

7. Does your site initiate new studies?

8. Does your site participate in ongoing patient recruitment at the moment?

9. Do you employ home visits for patients?

10. Do you employ IP delivery to patients' homes?

11. Have you been working with eClinical platforms for clinical trials? (ePRO, EDC)
